

Product Overview

L'offre Produits

groupe Cahors

OUR ACTIVITIES

ELECTRICITY

- MV-LV Distribution & Transformation
- MV-LV Connection
- LV Distribution - Connection - Metering
- AMM - Automatic Meter Management

GAS

- Distribution - Connection - Metering
- AMM - Automatic Meter Management

WATER

- Distribution - Connection - Metering
- AMM - Automatic Meter Management

COMMUNICATION NETWORKS

- Public networks
- CATV networks
- DSL networks

SATELLITE RECEPTION

- Satellite reception systems
- Digital terrestrial television
- 2-way communication systems (VSAT)

ELECTRONICS

- Electronic systems
- Network monitoring

SERVICES

- Interactive learning solutions
- Learning Management System
- IT services and solutions

The CAHORS GROUP

The Cahors Group offers comprehensive and innovative solutions for the distribution of energy and fluids, as well as service-oriented solutions for customers worldwide. The equipment is qualified for installation in urban, suburban, rural environments and extreme climatic conditions.

The Cahors Group was founded in 1910 in Cahors, France, and began its activities producing small Low Voltage electrical equipment. Nearly a century later, the Cahors Group provides a wide range of products & solutions : for MV - LV electrical networks, on major gas and water distribution lines, in the postal service, in the world of communication networks, and in service-oriented sectors.

The Group has 12 companies worldwide, based on 4 continents.

Key Figures

Consolidated Turnover : 151 M€
Workforce : 1.310
Investment in R&D : 7% of sales

Automatic Meter Management

Communication bi-directionnelle avec les compteurs

- Multi-energies (electricity, gas, water,...)
- Multi-communication supports (Wire, radio, PLC, PSTN, Ethernet, GSM)

GAS distribution & metering

Distribution & comptage pour le gas

- Pit-mounted modules
- Pillars and boxes

WATER distribution & metering

Distribution & comptage pour l'eau

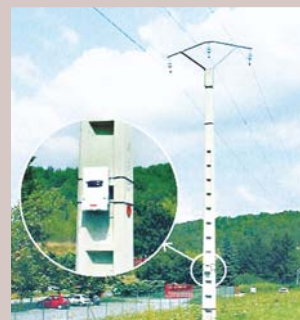

- Underground boxes
- Pillars and boxes

MV / LV Transformation

Transformation MT / BT

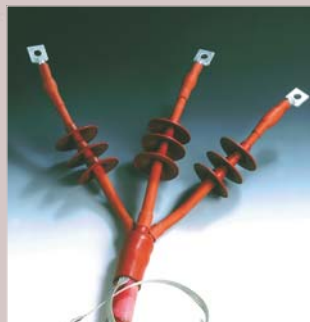

- Ring main units
- Distribution transformers
- Prefabricated substations
- Earthed neutral equipment
- Network management equipment (fault detectors, RMUs,...)

LV protection, distribution, and metering

Protection, distribution & comptage BT

- LV electrical supply equipment (boxes, grids, panels,...)
- Underground connection equipment
- Pre-assembled LV switchboards and control panels

Communication networks

Réseaux de communication

- Public networks
- CATV networks
- DSL networks

Satellite reception systems

Réception satellite

- Multi-reception antennas
- Tx / Rx antennas
- Digital satellite receivers
- Digital terrestrial television
- 2-way communication VSAT antennas

Mailboxes

Boîtes aux lettres

- Individual and collective mailboxes
